

## Getting your Child Ready

- First and foremost, support and reassure your child that there is nothing to worry about and that they should always just try their best. Praise and encourage!
- SATS will take place in May - please ensure you don't have any family holidays booked.
- Make sure your child has an early night before the SATS and has a good breakfast and a drink in the morning
- The SATS will be administered in small groups - we will encourage children to do their best and will give them regular breaks as necessary
- The children will always have enough time to complete the SATS - the booklets will be split up as appropriate
- Please ensure your child completes any homework - this will really help with preparation
- Read **with** and **to** your child - encourage them to listen to story CDs to help with expression
- Talk to your child about what they have learnt at school and what book(s) they are reading (the character, the plot, their opinion).
